Offer: Business exploration and inspiration

STAY AHEAD OF THE CURVE

DISCOVER DEEP TECH STARTUPS & TRENDS

Navigate through our unique database
of 5,000+ deep tech startups with a yearly license.

Participate in a one-day workshop, learning how to discover deep tech trends, use cases, and markets, and identify startups who could take your products and processes to the next level.

The Deep Tech startups database

The screenshot shows the 'Hello Tomorrow Startup Database' interface. On the left, there is a sidebar with various filters: Industry (Healthcare, Software, etc.), Technologies, Geography, Product type, Customer Focus, Maturity, Team size, Equity Funding, Non equity Funding, and HT Challenge Categories (Aerospace, Aerospace (Sat), AI, Energy, Environment, Food & Agriculture, Health, Industrial Biotech, Materials, Mobility, New Space, etc.). The main area displays a list of startups with their logos, names, countries, and key achievements. Each startup entry includes a 'Startup' button, a 'TOP 500' badge, and a 'Finalist' star.

Startup Name	Country	Key Achievement
Arbion	United States	Industrial Biotech (2018)
ARCHEON	France	Digital Health (2018)
Antidote Therapeutics Inc.	United States	Global Health (2018)
Aquarray GmbH	Germany	Industrial Biotech (2018)
Ambrosus		

Hello Tomorrow Startup Database, compiling information from 5,000 startups

Analyse one of the largest (5,000 startups), and definitely the richest pool of deep tech startups:
